ANNUAL CONFERENCE

Join us for the...

Dear Friends,

The Florida Network of Children's Advocacy Centers (FNCAC) is the statewide membership organization for Florida's 28 Children's Advocacy Centers (CACs). The FNCAC is a not for profit agency and is an accredited State Chapter of the National Children's Alliance (NCA).

The primary functions of the FNCAC are to educate and support the CACs through specialized training and technical support, to advocate for the CACs at the state and national level and to allocate state and federal funds to the CACs.

The Krimes Against Kids (KAK) Conference is an annual event hosted by FNCAC and is the only conference dedicated to the Child Advocacy Center Model in our state. The KAK Conference is a staple in the repertoire of multidisciplinary teams and promotes collaboration, trauma informed services, and research-based interventions for the field. Every year, over 400 professionals from backgrounds including: Mental Health, Victim Advocacy, Forensic Interviewing, Prosecution, Law Enforcement, Medical, and Child Protection, participate in learning that enhances their skills and makes them better prepared to intervene on behalf of child victims of abuse and neglect in our state.

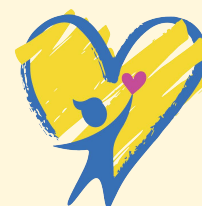

Your sponsorship of our annual conference affords you the opportunity to support our vision that every child in our state has access to CAC services in their local community! You will also be able to promote your business to hundreds of child advocates in our community and thousands online. Full details on each sponsorship opportunity can be found in this packet. We look forward to working with you to increase our state's response to child abuse and neglect.

On behalf of the Board of Directors, staff, and child survivors of Florida, we thank you for your consideration in supporting our event and promoting our mission and vision.
